

Ignite Netball Club (INC) has a policy of grading teams. INC endeavours to place players, after their first season, in a team which provides them with competition that is both challenging and rewarding.

This is an ongoing process occurring each season as required and considers the following (in no particular order):

- skill level
- team numbers
- positions
- age
- school, family and friendship groupings

Every effort is made to ensure players are matched on skill level so that each player has the best opportunity to improve and develop their skill level. The grading process is carried out by the selection committee, which is appointed each year at the discretion of the Executive Committee.
